

semantic/semantic.h

```
graph TD; A[semantic/semantic.h] --> B[any]; A --> C[string]; A --> D[vector];
```

A diagram illustrating the relationship between a header file and its associated types. At the top, a gray rectangular box with a black border contains the text "semantic/semantic.h". Three dark blue arrows originate from the bottom edge of this box and point downwards to three separate white rectangular boxes with gray borders. The leftmost box contains the text "any", the middle box contains "string", and the rightmost box contains "vector".
